1. Write the due dates and maximum points possible (XP<sup>1</sup>) for each assignment in each square.
2. Move forward as the due dates pass, whether you submit an assignment or not. Keep track of your XP as the assignment grades are posted to Blackboard.
3. Since only the five highest scoring *Misreading* Comp Quizzes and *Reading* Comp Quizzes will count towards the final grade, write in the chapter number of your five highest-scoring comp quizzes.<sup>2</sup>
4. Certain achievements unlock the opportunity for extra credit.<sup>3</sup>
  - a. Critical Thinking XC unlocks upon scoring  $\geq 70\%$  on Paper 1.
  - b. LOL Cat XC unlocks upon scoring  $\geq 70\%$  on the Word Study Assignment.
  - c. Book Review of *Misreading* and of *How to Read* unlocks at 500 XP for the course.

<sup>1</sup> "XP" stands for Experience Points. In this class, 1 point = 1 XP, i.e., a 25-point assignment is worth 25 XP. If that doesn't make sense, then just substitute "XP" with the word "points".

<sup>2</sup> This will probably be something that you will revise as the semester progresses, so leave enough room for corrections in the square.

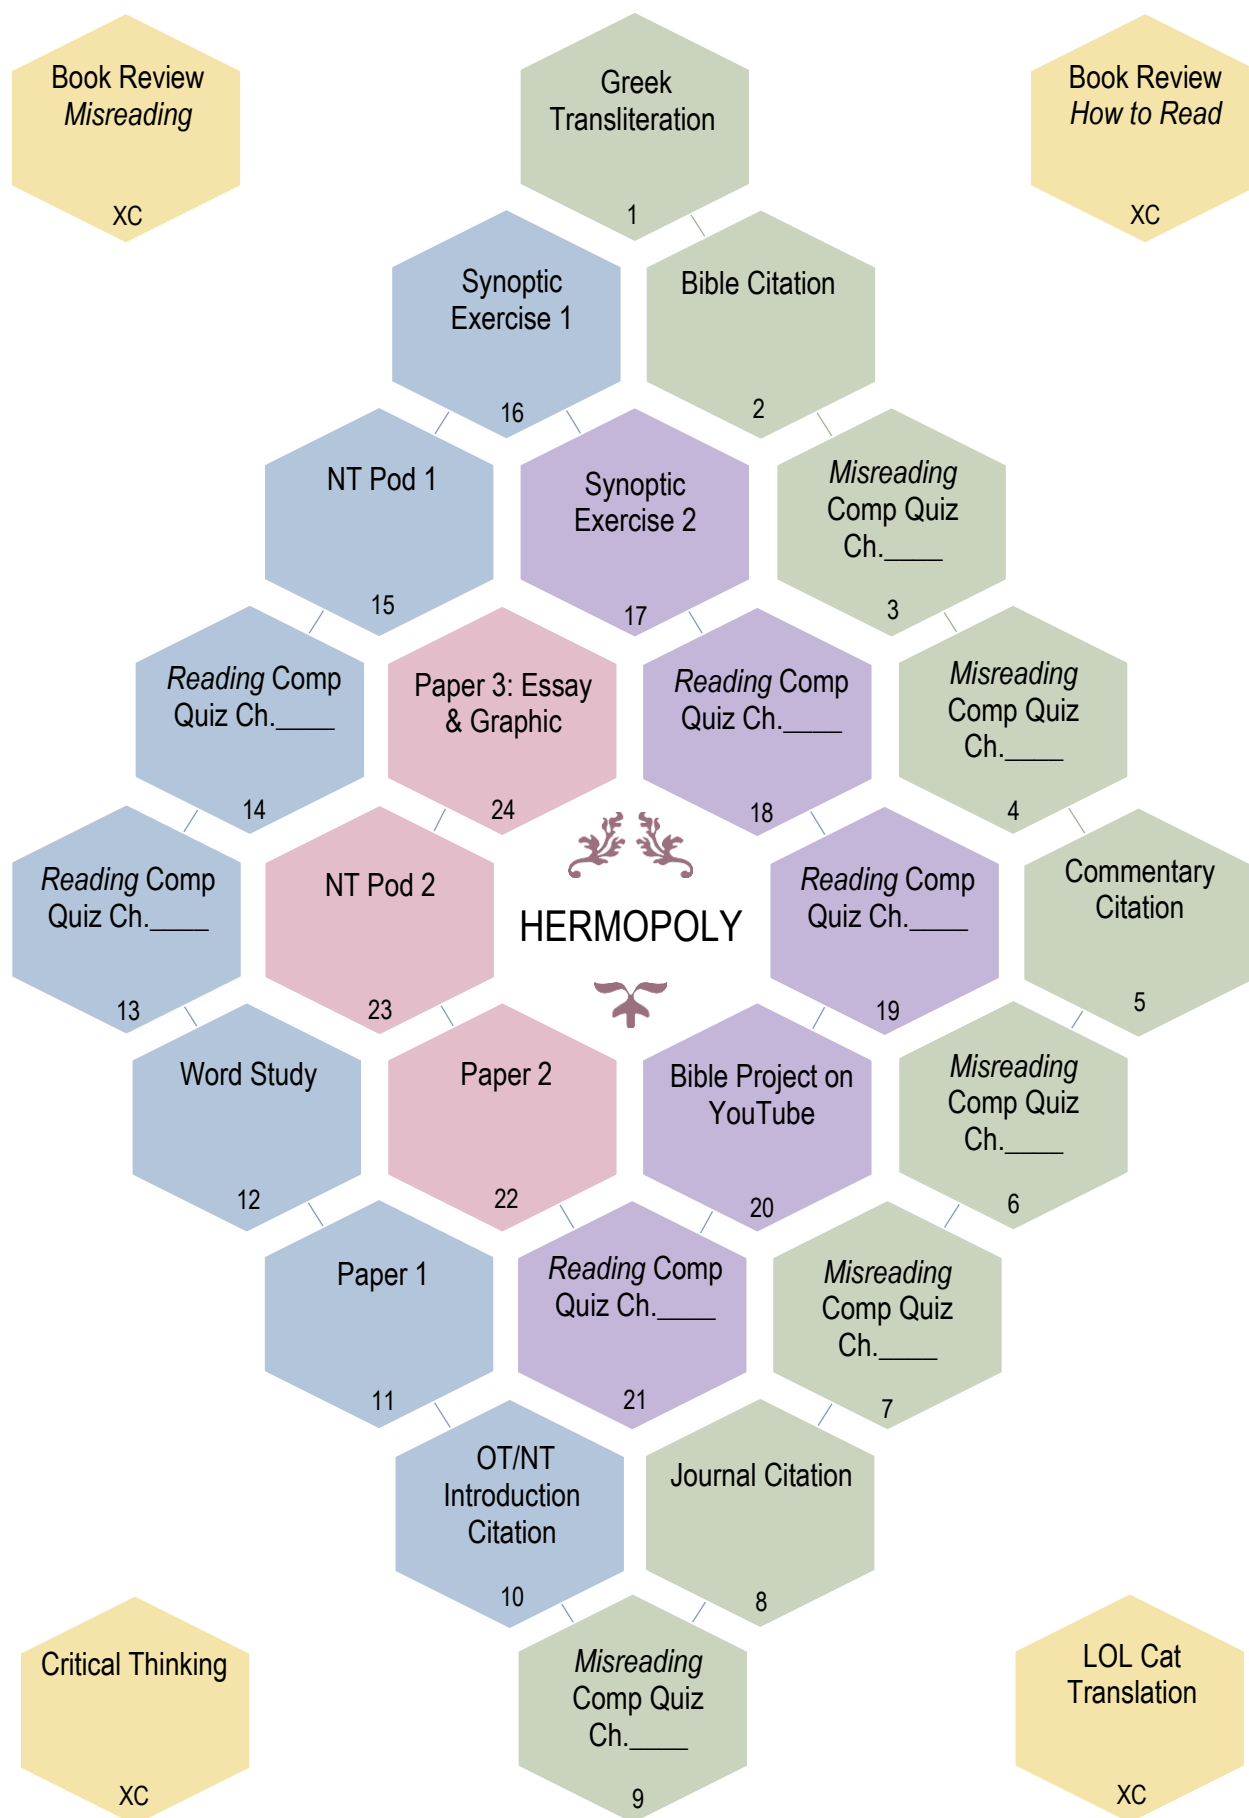

<sup>3</sup> Extra credit is limited to 30 points for the semester, regardless of how many XC assignments are completed.
